

Client: Howard/Stein-Hudson

Project: Tappan Zee Bridge Public Participation

Services Performed:

KEPD was a key member of the public participation team, headed by Howard/Stein-Hudson, for the New York State Thruway Authority's Tappan Zee Bridge project. KEPD prepared and presented educational materials; participated in workshops, open houses, and town hall meetings; and interpreted complex environmental review documents for the lay public. KEPD led the effort to address environmental justice concerns during the environmental review process.
