

Project Description

Client: Metropolitan Development Association

Project: Stadium Market Center Master Plan

Services Performed:

While with another firm, James Kent managed the preparation of the Stadium Market Center Master Plan. This plan detailed the redevelopment of the north side of Syracuse. Adjacent to the Carousel Center, major plan elements included a new Triple A baseball stadium, the City's new intermodal transportation center, and rehabilitation of the City's Regional Market. *Now completely implemented, the American Planning Association awarded the study for Outstanding Planning.*
